

Only in Krakow: All reviews

Hidden Europe magazine:

The 12th European city guide in the ever-reliable and hugely stimulating series.

Timeless Travels magazine:

Brilliant for those who are interested in finished unique locations, hidden corners and unusual objects in the city of Krakow. Complete with a map on which all 106 locations are marked, this 13th *Only In Guide* continues to inform and delight readers.

Marek Zgórnjak (Jagiellonian University):

Captivating reading, a source of many interesting facts.

A Reader (www.amazon.co.uk):

I loved this book! So nice to be taken on what feels like a local's journey through Krakow with interesting stories with a little bit for everyone. History, architecture and cafe stories, told to you as if by a friend with quirky interesting details. Really loved learning about the rebirth of Götz-Okocimski Brewery woven into the stories of its past. I am off to read about London now in *Only in London* to see what charm Duncan Smith has uncovered about where I live.

Michael Thomas (Tour guide):

It has widened my knowledge and understanding of the city and made me realize just how much lies beneath the surface.

Kjell Folkford (reader):

You present such a great mixture. History and nowadays. Religious and profane sites. Something for everyone.
